At the close of the Lecture a Series of the Latest Cinematograph Films will be exhibited.

April 24th - Saturday.

This was the last day of the conference, as most of the ex-students left on Monday morning.

In the afternoon there was a concert arranged by Feäulun Grumm, followed by a lecture on the Border country by Mr. Graham, a great authority on Border History, & the author of a book on the subject.

In the evening we had a Fancy dress Ball. As there were so many of us, dancing was in St. George's as well as the Classroom. Many of the costumes were original & amusing. All too quickly the evening had passed, & the time came for "Auld Lang Syne".

On Sunday the Exstudents - about fifty in all - came to lunch, after which many were glad to experience once more "Sunday Tea parties." They went to Meditations, & a number came to prayers in the evening, to have a last glimpse of Seale How.

1909.

24th May - Empire Day.

We celebrated Empire Day by meeting in St. George's - which was decorated with flags & laurels - after tea. Staff, students & school children were all present, & Miss Williams read to us, first Kipling's inspiring poem "Ballad of East & West", & then an article from The Times. We all sang ~~God~~ The National Anthem, & the following lines composed by Miss Mason -

Empire Day

That Empire of the Ocean
With shores on many a sea,
While earth's diurnal motion
Brings into light the tree,
Where Britain's flag is flying
At many an outpost wild
And dusky lips are crying
"I too am England's child."

How good to be a Briton,
Small twig of mighty tree
That concourse of great nations
Each goodly, strong & free

21 p220CM61

All children of one Mother,
All loyal to one King
Each ^{faithful} brother to the other
We clasp kind hands & sing

God guard His wide dominion
Grant long life to our King
Guide each to just opinions
Bid dutious conduct bring
From every several Briton
Of colour pale or warm
New Greatness to Great Britain
New strength to keep from harm.

21 p221CM61

1909.

May 29th - Half-Term Saturday

Miss Daniell gave us a most charming evening, singing us children's songs French, German, & English. There were many verses from R.S. Stevenson's "Child's Garden", also from Kipling. Mrs. Daniell sang with such exquisite taste, that one could not tire of listening to her. As Monday was unfortunately wet, we had a concert in the evening, & we had again the pleasure of listening to Mrs. Daniell.

1909

June 21st

Mr Thornley has come once again, & this time he has brought with him Miss Thornley.

On Monday night we read "Othello" in the drawing room.

On Tuesday evening Mr Thornley read us a paper on Gilbert White. It was extremely interesting.

Miss Thornley gave us a Recital on Wednesday evening. Most of what she played was from Chopin. She delighted us all by her power over the piano.

June 26th - Saturday.

The Juniors invited all the Seniors to a picnic on Lough Rigg, near Rydal. It was a beautiful afternoon, & after tea, which was spread out in a most attractive & dainty way, we were all sent off in pairs to "treasure hunt". Miss Pollard & Miss Jones were the lucky finders. They had not wandered very far from the starting point, while some must have wandered miles in their hunt!

paper on Gilbert White. It was extremely interesting
Miss Thornley gave us a Recital on Wednesday

21P223CH61

I staid on the shores of Ambleside on the old Crown Inn
In the night I was awake from out my sleep and was led by
a spirit & we did come unto a mountain cleft
laughing. When we did reach the old fasting mound the
spirit did draw us on westwards to the rushing brook. The more
by his behind us and all was bold and dante. We wandered
a garden's cleft or more towards a slender tree and then
turned aside when a few gentle birds began the way
Then we went towards a tall lone rock and on the side of
it did find and know. We did follow where the parrow
pointed and the spirit searched awhile among the rocks
seeming as to call to mind. We turned & did go towards
a tree with a clout tied around it. From there we
found large footsteps & following these awhile we found signs
of a small bickering, and now with eyes alert he traced a wounded
light till we came to yonder tomb. On it was writ - and half
rubbed out - "Here lyeth ..." Here the spirit did groan and
shudder & rear with saddened mien and all wept he led me
towards the precipice surmounted by some trees and
near by a boulder an ell in width. Here the spirit
did shew to me the cross bones saying "within 20 ells
from here the treasure lyeth hid". Forthwith he disappeared
and I gazed but in my night's sleep, searched and under
a flat stone with fairer ferns around found the treasure

July 7th

The sports which were held this afternoon, were really quite a success. The "dressing up race" was most original. Those who entered were given slips of paper on which were written descriptions of clothes that were to be found & put on! Miss Pollard won a beautiful compass - a prize offered by Miss Williams for the most correct estimate of a height, a distance, & a direction. The potato race for the Staff, was ^{won} ~~won~~ by Miss Drury. Miss Mason's prize - this year a tripod with sugar bowl & cream pot - was divided between Miss Pollard & Miss D. Viner, both of these winning two first & one second, prizes.

[Faint, mirrored handwriting, likely bleed-through from the reverse side of the page. The text is mostly illegible but appears to be a list or table.]

XMAS TERM 1909. 30th Sept -

6th Oct.

Last night many of us went to a lecture in the Assembly Rooms, by Sir Robert Ball. After an absorbingly interesting lecture, accompanied by really wonderful lantern slides.

1st October

To day we had the first of a course of extension lectures on Dante. The lecturer is Mr Draper, & to judge from the first lecture, we are going to have a very interesting time.

13th October.

Mr Oscar Browning arrived to day. He is now our examiner in place of Mr Parry. After final Cuts in the morning, the Seniors gave him a drill display. Again in the evening we showed him how we do balls, steps & dancing. After that he gave us the rare treat of a lecture on the teaching of History.

SYLLABUS.

Napoleon and Laplace.—An immortal work.—The famous nebular theory.—The birth of the Solar System.

The nature of the argument.—Probabilities.—The movements of the planets are all in the same direction.—The rotations of the planets are all in the same direction.

The coal pit.—Illustrations of the increase of temperature with the increase of depth.—The deepest mine in the world.—The earth's crust contains layers, with temperatures increasing with the depth.—The heat inside conjectural, but certainly great.—A blast furnace.—A mighty volcanic eruption.

The laws of heat in great bodies and in small.—Inferences from the fact that the earth is a cooling body.—A retrospect shows the earth ever hotter and hotter as we look through the illimitable past.—The inevitable conclusion.—An earth without form and void.—The earth's beginning

Celestial illustrations.—Star clusters far and star clusters near.—The resolution of a nebula demonstrated.—The materials of a nebula.—The infinite variety of nature.—The growth of a sun from a nebula.—A vision of a commencing solar system.

The primeval nebula.—The curious principle that though heat may be lost temperature may rise.—The condensation into sun and planets.—The testimony of the movements.—The great law of areas.—The gradual evolution of a system of sun, planets, and satellites.

The corroborations.—Stars hot and stars cold.—The influence of invisible stars.—Unexpected abundance of matter in the universe.—Occasional revelations.—A shooting star shower.—Conclusion

P. S. V. P.

30th October.

We kept Hallowe'en on the evening of the
30th, as it was a Saturday. After forking for
apples; roasting chestnuts; dipping in the bowls;
a smelling competition; blowing out the
candles; lighting the candles; hitting the apples
when in a basket, & having one's fortune
read by where old witches, we adjourned to
the dining-room for supper. When we came
back to the class-room it was illuminated by

glimmering turnip lanterns, in whose light we danced till bed time. A great feature of the occasion was, that we all wore "full gymnastic dress"!

11th December

The term is drawing to a close, but the Juniors have made one of the last evenings a very bright one indeed. They gave us a most successful performance of *The Rose & the Ring*, but began by a selection of Christmas Carols. The singers stood in a very effective snow shower, singing by the light of candle-lanterns, & the whole scene, with the Carols, brought Christmas very near indeed.

In the *Rose & the Ring*, *The King*, & *Prince Giglio* had perhaps the most amusing parts, but every one acted with great spirit. We finished off by a dance in St. Georges.

13th December - Supper Party & Dance

14th December - Clubmans' Party.

Feb. 16th Mr. Storey gave a lecture on
 the Rontgen Rays, in the Assembly Room,
 the second year students ~~were~~ fortunate in
 having heard Mr. Storey give a similar
 lecture in the Class Room at "Scale Hall" also
 in having had ^{a course of} scientific lectures from
 Miss Stephens felt more at home with
 the subject and so were able to
 intelligently follow and thoroughly enjoy it!
 The numerous experiments filled one
 with wonder and it was interesting to hear
 of the work which led to Rontgen's valuable
 discovery of the X Rays — a discovery
 which has so enriched the world.
 The lecture was concluded with X Ray slides
 which illustrated the great use the "rays" are
 in the medical world.

wrong at the Court were — Mrs Leslie —
Miss Smith was delightfully amusing & looked
much laughter but perhaps Miss Wilkinson
as the Cook had the funniest part,
we only wished that she had had more to
say in this role for it was a clever piece of
acting, she was good too as the Society lady
— but not so good. It was an entertaining
evening & we shall look forward to a further
display of the dramatic talents of the
1910 Juniors & we all prophesy that we
shall not be disappointed!

May

We had the pleasure of a visit from Mr. Franklin
who stirred us up to great enthusiasm over the
coming Conference. On Monday evening Mrs. Woods
gave us a delightful literary paper on
Robert Louis Stevenson which was illustrated with
readings &c.

The Juniors gave their play again which was
much enjoyed.

June 7th Mr. Thorkley paid us his annual &
much looked forward to visit, we had
beautiful weather & thoroughly enjoyed our outings
which were most interesting & inspiring we
were proud too to capture a rather rare
specimen. The *Sapida pupulae* — enclosed
not registered for Wetherland.

Mrs. Humphrey gave a most enjoyable musical
evening on Thursday by a strange coincidence
it happened to be his.

The paper was very interesting & the extracts both
played & sung were much appreciated.

June 18. The Juniors gave us such a jolly
picnic by Rydal lake, our seats were allotted by
means of puzzle plates each paper plate
had a drawing upon it which represented several
names for ex: A piece of cord & a spring of
geo = Cordaux! it was great fun guessing.
After tea which had been daintily spread
under the trees we had a competition the
names of celebrities were pinned upon our backs
& we by questioning found out the name

Miss Geo won a book for the prize.
It was a lovely day & we much enjoyed the
Junior's hospitality -

June 25. The children's party which was
a great success, being enjoyed by the children
the parents & the students alike.

It was a glorious afternoon for it & we
had tea & games out of doors.

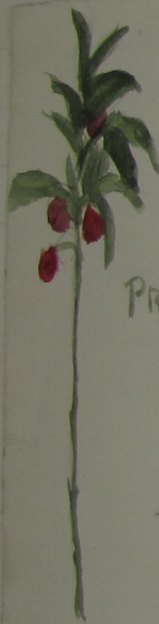

The children gave a charming little play
"Merriment & his friends", the scenery &
dresses were splendid & so original, all the
children took part in it -

After tea we played games in the garden
first a competition for the older children,
guessing birds, flowers insects & trees. Dolly won
the prize, then regular romping games, the
old favourites - "Sap", "Two & Three" &
and judging from the laughter the "Merriment"
which had ruled in the play reigned
afterwards in the festivities of the day which
was just as it should be.

Scene II Wood.

one afternoon for it & we
came out of doors.
It was a charming little play
with its friends, the scenery &
was so original all the
part in it -
played games in the garden
petition for the elder children,
flowers used & bees. Dolly won
in regular romping games, the
old favourites - "Jap", "Two & Three" &
and judging from the laughter the "Merriment"
which had ruled in the play reigned
afterwards in the festivities of the day which
was just as it should be.

October 25th Mr. Browning's visit is now over - It
has been a time of great excitement and varied
interest. Besides the usual prepared lessons the
seniors were all separately examined orally in
French, German and Latin. The drills and dancing
displays took place as usual, the sword dance
being the most notable feature - Mr. Browning
gave the students an extra treat by a description
of his recent journeyings in the near East, illus-
trated by pictures which he had bought
there - At the 'At Home' all the guests enjoyed his
interesting lecture on Carous and his reforms.

October 31st Hallow E'en festivities were held as usual
in the classroom and consisted of many time
honoured games, fortune telling etc. - The feature of
the evening was the fact that all present were
masked on their arrival, this concealment was
kept up until an guess identity competition after
the first dance - No one can realize how hard
it is to guess even a well known friend, when
the head and hands are covered - In fact some

Miss Chaplin's American accent sounded that of a true native, while the holes in Miss Gibson's stockings and Miss Harvey disolute appearance dressed as a British workman were beyond all praise - in fact the whole was a most enjoyable treat -

February 20th.

We had the pleasure of a visit from Mrs. Franklin. This evening the children entertained us by giving a dancing demonstration, which was very nicely done, the country dances deserving special praise.

On Tuesday evening, Miss Barnes gave us a delightful paper on Sullivan; in the course of the evening we had several most enjoyable songs sung by the Misses Wilson, Henderson and Moffatt; "O Hush Thee My Baby" being sung by Miss Drury, Miss Wilson and Miss Lowe.

On Wednesday evening, the Juniors gave us their play entitled "Our Aunt from California", which was splendidly acted by Miss Rohde (the aunt from California) Miss Maude, Miss Beck and Miss Edmonds (Felicia, Rosalia, and Sally Heedly.) Miss Feilung was very amusing as the dressmaker, and Miss Couchman acted her part well.

Miss Curry and Miss Davidson took part in a most amusing dialogue - "The Brown Paper

Parcel" which was simply splendid.

Altogether we had a most delightful evening, and I am sure all those present will look forward to the next time we shall have the pleasure of being entertained by the Juniors.

On Thursday, Mrs. Franklin's last evening, the Scouting Demonstration took place. The proceedings opened with bandaging, and knot-tying, followed by signalling, using flags, flash lights and a motor horn. During the evening several well known songs, including "The Scout Song", "John Peel", "Massa's in the Cold Cold Ground" were sung by all the scouts, who now number thirty five.

We have now a rain gauge which is in the garden behind St. Georges.

April 21st. Friday.

Summer Term 1911.

Became back yesterday evening, and the Ex-Students Conference has begun to-day; about sixty Ex-School How Students have come up for it. In the evening there was a "Conversazione", during which music, songs and recitations were provided by the present students. Everyone present was labelled with her name and her year, so everyone knew who everyone else was.

April 22nd.

This afternoon we had a most delightful lecture on "Datto" by a personal friend of his, Mr. Earle. Besides showing us many of his pictures, he told us many charming stories about Datto's home life, and also about Mrs. Walts, his wife. In the evening the Fancy Dress Dance took place. Though fancy dress was optional, many appeared in most delightful costumes, some of them being most original. Miss Dwyer, Miss Stephens and Miss Smith entered the room as Shackleton, Marshall and Adams, drawing a sledge with all that remained of Dild (Miss Parist) covered up on it. Franklin Grimm appeared as

a Dutch maiden. The evening closed by the singing of "Auld Lang Syne"; everyone spent a most enjoyable evening.

April 23rd. All the Ex-Students were invited to lunch. There was just room for all, either in the dining-room, library or St. George's. During the afternoon tea-parties went on in most of the Senior bedrooms, to which all the Ex-Students were invited. They went to "meditation" with Miss Mason, and most of them came to prayers in the evening.

April 24th.

This afternoon we had the Scouting Demonstration, unfortunately the weather was wet, which prevented the out-of-door games and Camp Tea arranged. Knots, signalling and bandaging were demonstrated by the Peevits in different parts of the room for the benefit of any who wished to learn, and we ended by having the tassels presented by Miss Mason. The Peevits now number forty eight.

In the evening there was a drill and dancing display, partly given by the children in the

21 p 265CMC61

Tracting School, and also by the Students.
The ~~movie~~ dances seemed to be the most
applauded.

April 25th.

This is the last day of the Conference. We all
attended a Meeting in the morning, followed by
a criticism lesson on Ordinance Survey Maps
given by Miss J. R. Smith. In the afternoon
the Juniors gave their play, but we did not
see it, as they were anxious to have it again
for our benefit when the weather would permit of
an out-of-door performance. We are much
looking forward to seeing it.

Miss Parish was staying in the house during
the Conference, and remained with us until
Monday, May the 1st.

A welcome addition has been made by Miss Mason
to St. George's in the shape of many of the
old Masters' pictures which are now hung on
the walls.

21 p 265CMC61

Ambleside Old Students' Association

CONFERENCE, 1911.

RULES OF PROCEDURE.

- 1.—The meetings will begin punctually at the time stated.
- 2.—Each paper will be followed by a discussion. The reader of the paper will be allowed five minutes in which to reply, or longer, if she has not used the full time at the beginning.
- 3.—The time limit for readers of papers is twenty minutes. The time for speakers in discussion may be limited at the discretion of the Chairman, according to the time at disposal. A warning bell will be rung, in the case of readers of papers, five minutes, and in the case of speakers, one minute, before the expiration of the allotted time. A second bell will be rung at its conclusion.
4. Discussion must be relevant to the programme, and the ruling of the Chairman shall in all cases be final.

GENERAL ADVICE.

For the benefit of those students who wish to avail themselves of the cheap week-end ticket from Town (22s. 6d.), we find that the ticket is available from Midnight on Thursday until the 9 p.m. train from Windermere on Tuesday. Will all Students who intend travelling by the Midnight train from Euston send word to Miss Gray, 5, Old Palace Lane, Richmond, Surrey, before Easter, so that seats may be secured.

The cheap week-end ticket from Manchester (9s.) is available by any train from the 6.0 a.m. from Manchester on Friday until the 6.45 p.m. from Windermere on Tuesday. We should advise all Students wishing to use a week-end ticket to do so to its full extent, so as to have as long a time in Ambleside as possible.

LIST OF SUBJECTS.

- No. 1. The Parents' Union School Books, which are found helpful, and books supplementing those in the Programme.
- No. 2. The Royal Drawing Society's methods of art training, black-board drawing, and original illustration.
- No. 4. Composition, letter-writing, and narration; the writing in the lower forms.
- No. 6. Citizenship: our responsibilities to the State as (a) teachers, (b) employers of labour.
- No. 7. Criticism, Geography lesson, including map drawing.
- No. 9. A comparison between Mrs. Curwen's and Miss Seppings' methods of teaching music.

- No. 10. The teaching of mathematics and arithmetic.
- No. 11. Moral training in these directions:—
a The cure of contradictoriness.
b The use of reward in training habits of tidiness and deportment.
c Suggestion: may it ever be used, and how?
- No. 12. How to adapt P.N.E.U. principles and methods to un-P.N.E.U. surroundings.
- No. 13. Scale How as a force in the world: its ethics in spirit and the letter.

It is advisable that, as far as possible, all Students find lodgings in Ambleside itself, so as to be near at hand while the Conference is in progress.

The time has again come round for the election of a new Committee. Students are particularly requested to record their votes on the accompanying papers, and to study carefully the rules therein printed. Will *all* make an effort to do this, and to send in their papers on the specified dates, for the greater the number sent in the more satisfactory will be the result.

General sympathy will be felt with Miss Pennethorne in that circumstances compel her to resign the Editorship of "The Plant." Our sincere thanks and gratitude are due to her for the many years she has laboured on our behalf, often, as we know, in the face of great difficulties, and our best wishes will go out to her in the future. She sends the following letter to the Association:—

"DEAR STUDENTS,—

"After many years of a labour of love, I feel the time has come when I must not stand again for re-election as Editor of 'L'Umile Pianta.' I have no leisure left to devote to it, for when the cares of the school are over, those of my home invalids begin, and 'The Plant' needs more time and energy than I may now rightly give to it.

"It almost breaks my heart to lay down this work, however I may have failed to satisfy you all in the doing of it; but I also feel that the Magazine needs newer and fresher energies, and the work of someone who has more knowledge of the latter day students, and more opportunities of attending the Students' meetings than I now have.

"I hope my successor will be accorded a warm and generous support, and will find her task made easy by much willing co-operation.

"Yours sincerely,

"R. AMY PENNETHORNE."

May 22nd.

To-day we had the pleasure of hearing the sloyd exam. results. We did not expect to hear them until much later in the term, as they did not arrive last year until July. We also had our hygiene certificates.

June 12th.

We actually had the half-term on a Monday; the weather was perfect throughout the day.

June 22nd. The Coronation Day.

At breakfast everyone found a small rosette and a little book entitled "A Coronation Souvenir" on her plate, which were a present from Miss Mason. Directly breakfast was over, we started out to see the procession, which consisted of the town officials, firemen, postmen and policemen, followed by the boy scouts and the school children. Two trunks of babies ended the procession. The singing of "God save the King" followed the reading of the Loyal Address. The procession then proceeded to the Post Office led by the band, where it dispersed, most of the members going to Church for the special service held at eleven o'clock.

In the afternoon sports were held in Rothay Park, which were most amusing to watch. They consisted of wrestling, fell, egg and spoon, sack, costume and treacle bar races. The children of the Helsick school gave a very creditable dull performance, while the smaller ones gave a maypole dance, which was very prettily done indeed. At 7 p.m. there was a Grand Parade of motor cars, cycles and other turnouts, which assembled at Lero Hook, and processed to Waterhead, where they were judged and prizes given accordingly. Some of them were most amusing, and very cleverly decorated.
